

## Athena Ordinances

## ORDINANCE NO. 920

## AN ORDINANCE SETTING UP AND ESTABLISHING A STREET NUMBERING SYSTEM FOR THE CITY OF ATHENA.

The city of Athena, Oregon ordains as follows:

**Section 1.** A system for numbering the streets of the city of Athena is hereby established as follows:

- (a) First Street and Main Street shall be the base streets, and the intersection of said streets shall be the base point.
- (b) All streets running east from First Street shall be numbered consecutively every 10 feet, beginning at First Street. Odd numbers shall be on the north side and even numbers on the south side. All numbers in the first block shall be in the series beginning with 100, and each consecutive block thereafter shall be numbered in the hundred series next higher than that of the preceding block.
- (c) All streets running west from First Street shall be numbered in a like manner.
- (d) All streets running north from Main Street shall be numbered consecutively every 10 feet, beginning at Main Street. Odd numbers shall be on the east side and even numbers on the west side. All numbers in the first block shall be in the series beginning with 100, and each consecutive block thereafter shall be numbered in the hundred series next higher numbered in a like manner.
- (e) All streets running south from Main Street shall be numbered in a like manner.

**Section 2.** Where a building occupies a space greater than 10 feet, that number which falls on the 10-foot section closest to the centerline of the building shall be selected.

**Section 3.** All streets running east and west shall have the prefix "East" added to the name of all of such streets as shall be east of First Street, and the prefix "West" added to the name of all of such streets as shall be west of First Street.

**Section 4.** All streets running north and south shall have the prefix "North" added to the name of all of such streets as shall be north of Main Street, and the prefix "South" added to the name of all of such street as shall lie south of Main Street.

**Section 5.** The Public Works Commissioner is hereby authorized to expend the funds necessary to employ a competent person to stencil the aforementioned prefixes on the city street signs.
